Please Note

Not all colours are standard in each state. Talk to your sales representative for more information.

The colours shown are representative of the aluminium powder coated windows colours and may vary slightly to the finished product.

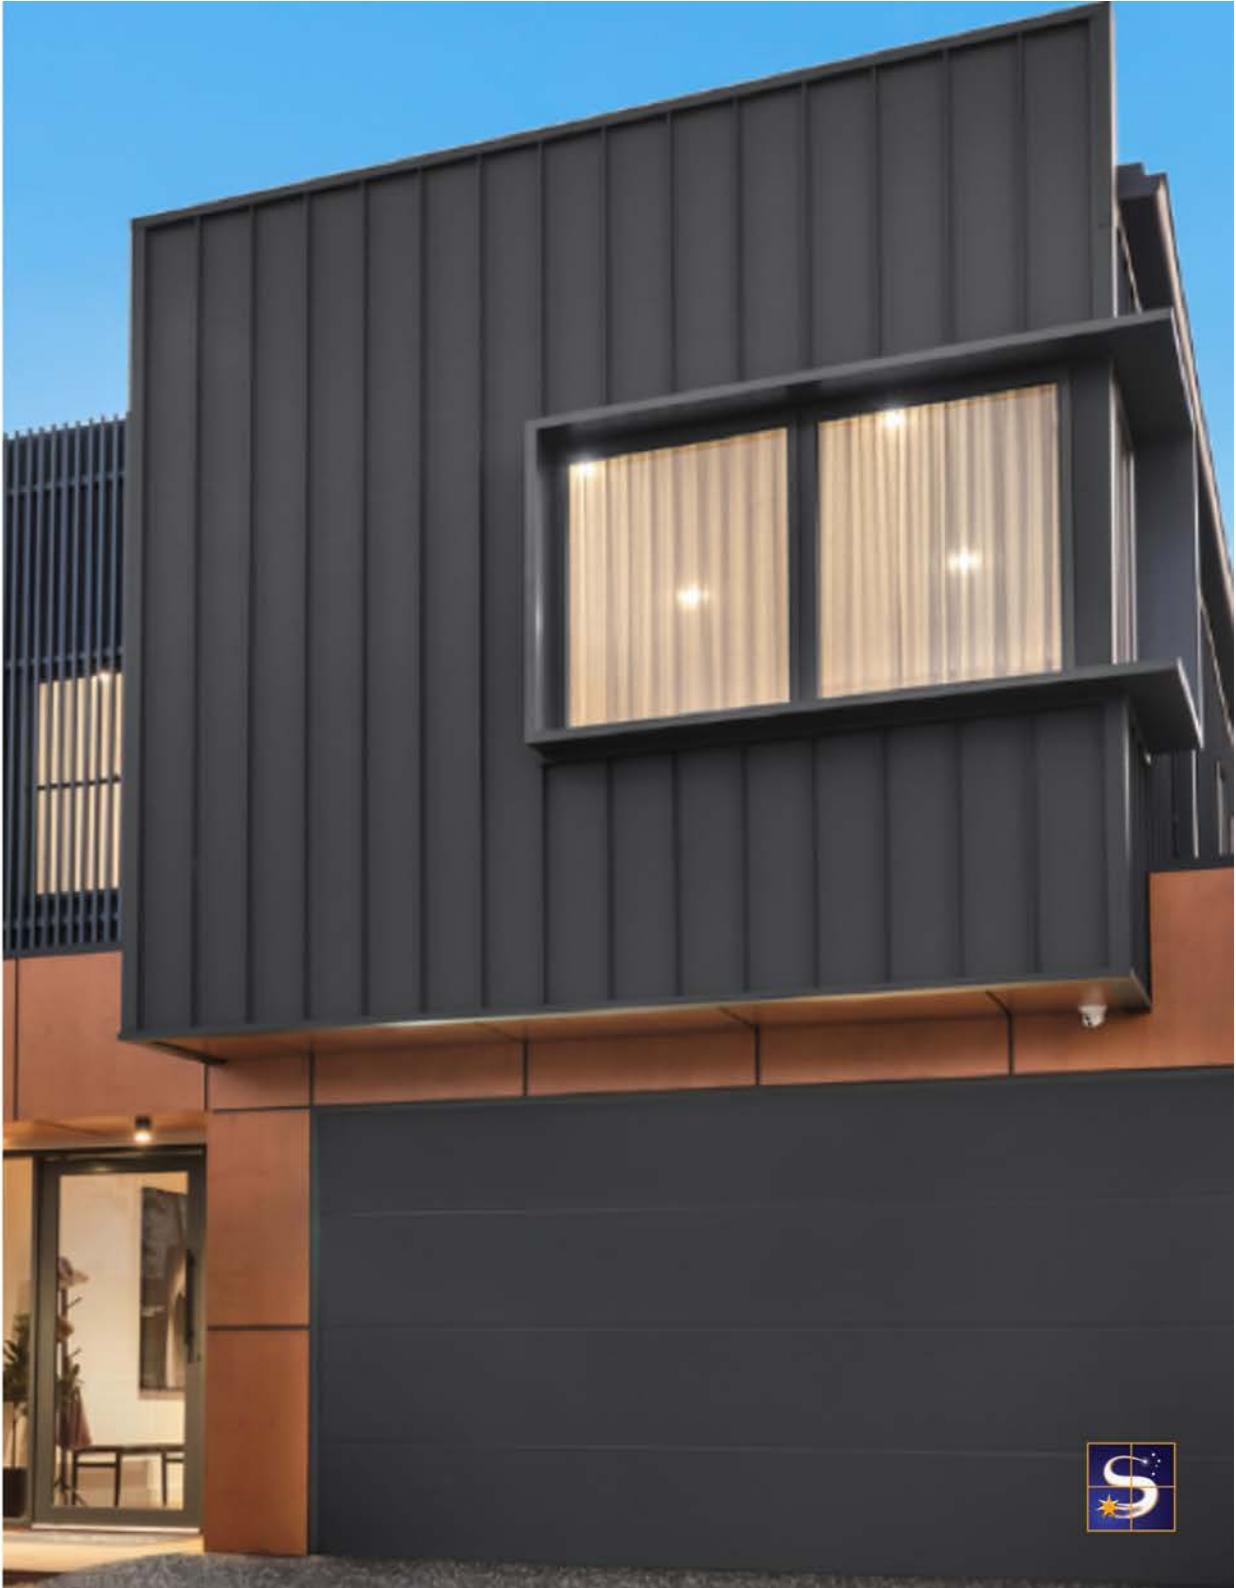

Aluminium samples are available on request.

Aluminium Powder Coat Options

Southern Star Aluminium Windows & Doors offer a range of standard powdercoat colours to choose from. These colours are both popular and stylish, reflecting the market trends of today with many being ColorBond® compatible.

Our standard colour range is available in two finishes; a standard matte powder coat, or in the new Textura® powder coat.

Finishes

Standard

A standard, smooth, matte finish powdercoat.

Textura

Interpon Textura® features an 'anti-mar' finish and advanced powder technology designed to protect from surface abrasions whether in-situ or during transport.
